Members,

I hope everyone was able to enjoy some downtime over the winter. We are getting close to our cruising season so it's time to get back at it and get those beauties ready to come to the lot and show them off.

If you have not been to the new lot, I encourage you to come down and give it a chance. I know it's not Marley Station, but it is a nice lot and it's a lot where the owners actually want us to be there. So, please support your club and come down.

Don't forget to look at our calendar of events and as always if you have questions, concerns, complaints or just want to talk please don't hesitate to come to a meeting or to the lot and talk with us.

RECIPE OF THE MONTH

I found this recipe on “The Cozy Cook” website when I was in the mood for some Cream of Chicken Soup and didn’t have any in the pantry.

Cream of Chicken Soup Recipe

Ingredients

- 4 Tablespoons Butter
- ½ cup + 2 Tablespoons Flour
- 2 cups Chicken Broth
- 1 chicken bouillon cube or 1 teaspoon Better Than Bouillon. (Optional- see notes.)
- 1 cup milk preferably whole but any kind works
- 1/3 teaspoon celery salt
- 1/3 teaspoon onion powder
- 1/3 teaspoon garlic powder
- 1/3 teaspoon salt
- 1/3 teaspoon pepper

Instructions

1. Note: It’s important to whisk continuously throughout this process to ensure the smoothest possible consistency.
2. Temper the milk by microwaving it for 45 seconds. This prevents curdling but also prevents lumps from forming when it’s added. Set aside.
3. Melt the butter in a saucepan over medium heat. Let it fully melt and wait until it starts to foam, about 3 minutes.
4. Gradually add the flour, whisk continuously for 3-5 minutes, until it’s the consistency of wet sand. Remove from heat.
5. Add 1/3 of the chicken broth and whisk well. Add 1/3 more, whisk well.
6. Add the remaining chicken broth, chicken bouillon, warm milk, and seasonings, whisk continuously.
7. Return to heat and bring to a near boil. Continue to whisk until it begins to get very thick. Immediately remove from heat.
8. Soup will continue to thicken upon standing.
9. If possible, run the mixture through a fine mesh strainer for a super-smooth consistency.
10. Use as a direct substitute for condensed cream of chicken soup, this recipe makes enough for two (10.5 oz.) cans.

Storage:

- Refrigerate for up to 1 week or freeze for up to 4 months. Mixture may separate slightly once reheated but whisking will correct that.
- I recommend storing these in freezable soup containers.
- This soup cannot be canned as it contains dairy.

We always appreciate when members share their recipes. If you would like one of your recipes included in the newsletter, please email it to me at phylmarie18@comcast.net or give it to me at the lot on Saturday night.

**Thank you,
Phyllis**
